NEWS

NEWS & UPDATES

MODELING THE GREAT HAMMERHEAD SHARK

Expedition 33 with Digital Life 3D and VRTUL was featured in the March issue of *Coastal Angler Magazine* - Palm Beach Edition. [Read the full article.](#)

THE LAGOON DRIFT REPORTS ARE IN!

Last November's *Lagoon Drift* experiment allowed us to involve more citizen scientists and also included some new partners! [Get all of the details](#) and download the [after-action report](#) from our website.

AT SEA

R/V ANGARI: WHAT HAS SHE BEEN UP TO?

We did not waste any time getting out on the water (and in the sky) this year and have some exciting expeditions to share. Click on the images below to explore!

ON LAND

EDUCATION & EVENTS

BRINGING CORAL SCIENCE TO WELLINGTON STUDENTS

In March we introduced the Marine Conservation Club at Wellington Landings Middle School to coral reef science. Through immersive activities, the students learned how scientists study changes in reef health over time. [Read more.](#)

SEA TURTLE DAY WAS TURTLEY AWESOME!

On March 7th, we joined Gumbo Limbo Nature Center's 35th anniversary celebration at their Sea Turtle Day Festival. Our team engaged visitors in our *Lagoon Drift* citizen science project, raising awareness of marine debris and decorating drift cards for our next experiment. [Learn more from this blog.](#)

INNOVATION NIGHT AT PALM BEACH DAY ACADEMY

In February, 6th - 9th graders from PBDA hosted their schoolmates and families for a night of student-led STEAM activities. We were honored to be invited to share our own programs with their enthusiastic attendees.

ANGARI TEAM SPOTLIGHT

Kayla Windelspecht

Meet our Spring 2020 intern, [Kayla Windelspecht](#). Kayla traveled all the way from Boone, North Carolina to come learn the ropes of ocean science education and communication. Since January, Kayla has been busy writing a few [blogs for our website](#), helping with social media, showing our *Generation Ocean: Coral Reefs* film, attending events and helping us prepare for *Lagoon Drift*.

PARTNER SPOTLIGHT

ECO Magazine, a proud partner of ANGARI Foundation, is a marine science publication committed to bringing scientists and professionals the latest research and industry news from around the world. Through the eyes of ocean experts, ECO dives into the fields of marine science from coastal to deep-sea.

COVID-19 UPDATE

ANGARI Foundation is continuing to monitor the status of the novel coronavirus pandemic. In response, several research expeditions have been cancelled. In addition, the following events were cancelled or postponed:

- ANGARI Foundation Annual Celebration
- Palm Beach International Boat Show
- April *Lagoon Drift* Experiment
- *Generation Ocean: Coral Reefs* at Academy of the Holy Names
- Earth Day Seminar at The Greene School
- Earth Day Celebration at Palm Beach State College
- *Generation Ocean: Coral Reefs* at Hagen Ranch Road Library

Follow us on social media for updates and reschedules. Stay safe and be well!

ESCAPE TO THE FLORIDA KEYS WITHOUT LEAVING HOME

Join Dr. Ian Enochs and his research team for an expedition aboard R/V *ANGARI* to the Florida Keys National Marine Sanctuary and explore coral reefs from the comfort of your own home. You can view our 360 film, [*Generation Ocean: Coral Reefs*](#) with or without a VR headset.
