R/V ANGARI: WHAT HAS SHE BEEN UP TO?

CORAL REEF SURVEYS IN THE BAHAMAS

During [Expedition 30](#), scientists from Perry Institute for Marine Science (PIMS) completed coral reef surveys in the Abacos and Northwest Bahamas. This work is part of a larger project to provide guidance to resource managers to improve the health of Bahamian coral reef ecosystems. The team is headed back out on R/V ANGARI for post Hurricane Dorian surveys. Follow along on [social media](#)!

ANNOUNCING OUR NEW DATA SPONSOR: JV CONNECTIVITY

"ANGARI Foundation's passion for marine and environmental sciences is unequivocal. R/V ANGARI is a great platform to bring students, scientists, and educators together toward common goals. We are proud to pledge our support to the ANGARI Foundation." - JV Connectivity

Our continued success is attributed to the generous ongoing support of our donors and sponsors. We would like to thank our newest sponsor JV Connectivity for providing data communications onboard R/V ANGARI!
