COVID-19 RELIEF FOR RESEARCH EXPEDITIONS

During these challenging times, we remain committed to supporting marine science research by providing R/V *ANGARI* at minimal cost. In response to effects of COVID-19 on research funding, several of our donors have provided additional donations to help offset expedition costs to scientists. These funds are being allocated to R/V *ANGARI* expeditions through the end of 2020. [Learn more about chartering](#) and [help support marine science research](#).
