ANGARI EDUCATION SEAS THE SUMMER

May 21, 2020

Dive Into [Remote] Summer Learning Opportunities

When COVID-19 hit this spring, it reshaped how we live, work and learn. We, in collaboration with our partners, immediately pivoted our educational programming to accommodate for social distancing, school closures and working and teaching from home. We know that, for many of you, the transition was challenging, but we are amazed and inspired by what educators have achieved in the face of this adversity. We hope that you enjoy the remote learning STEM resources we have assembled for you, and encourage you to [contact us](#) if there are other ways we can help. Stay Safe!

DISTANCE LEARNING OPPORTUNITIES

ANGARI Foundation and partners have made it possible for audiences of all ages to interact with marine scientists from R/V *ANGARI* expeditions online! We've got two more upcoming live [Ocean Expert Exchange](#) events – fisheries and reef restoration! Recordings of [past events](#) with educational resources are available.

Coral Restoration Foundation's [Coralpalooza™](#) 2020 is going digital! While our team and vessel may not be participating as planned, this new format means there's even more ways for you and your students to get involved in the event and celebrate World Oceans Day online!

We were bummed to have in person Earth Day events canceled but were thrilled to be able to participate in virtual programming with our [Resources in Science Education](#) collaborators and [Ann Norton Sculpture Gardens](#). There are lots of great ways to celebrate Earth Day every day!

SPLASH BACK TO SPRING 2020

We enjoyed sharing marine science with youth this semester, from [Generation Ocean: Coral Reefs](#) with [Wellington Landings Middle School](#) and Palm Beach Day Academy to [Lagoon Drift](#) at Sea Turtle Day. We even hosted a virtual tour of R/V [ANGARI](#) with EarthEcho for the National Biodiversity Teach-In and had scientist Josh Moyer talk to students at The Academy of the Holy Names about shark adaptations!

PERMISSION TO COME ABOARD!

Join the ANGARI Education community for VIP access to educator resources, opportunities and events.
